

## Call for Applications: Professor

Kyoto University Institute for Advanced Study (KUIAS)

※The URL for downloading the declaration form has been changed. (April 23, 2026)

15 April 2026

Kyoto University Institute for Advanced Study (KUIAS) invites applications for a Professor position, as described below.

### Job Title

Professor

### Number of Positions

One (1)

### Affiliation

Kyoto University Institute for Advanced Study (KUIAS), Kyoto University

### Place of Work

Institute for the Advanced Study of Human Biology (ASHBi), KUIAS, Kyoto, Japan

Yoshida Konoe-cho, Sakyo, Kyoto 606-8501 Japan

(Range of alteration)

If the university permits or requests teleworking, the place of work includes the home, etc.

### Research field

Research in the life science fields (Disease Genetics or Genetics/Experimental Biology of Human Evolutionary Mechanisms) that will advance our understanding of human biology.

### Job Description

Kyoto University Institute for Advanced Study (KUIAS) is seeking a suitable candidate for the position of Professor who conducts world-leading studies in the life sciences (specifically in Disease Genetics or the Genetics/Experimental Biology of Human Evolutionary Mechanisms). The successful candidate will promote advanced human biology research, focusing on the genetic mechanisms of human disease onset, or the genetics, evolution, and experimental biology regarding the acquisition of human characteristics, while leading associated educational activities and organizational management. The professor will be based at the Institute for the Advanced Study of Human Biology (ASHBi) and is expected to promote their studies in close collaboration with other researchers at the Institute.

(Range of alteration)

Operations at Kyoto University (Education, Research and Administration)

### Qualification

The requirement for the candidate is:

- To have a Ph.D.
- To promote research elucidating the mechanisms of human disease onset using cutting-edge genetic methods, or research elucidating the mechanisms of human characteristic acquisition (e.g., neural development and function) using cutting-edge genetic, evolutionary, and experimental biology methods.
- To possess a proven track record of research and undergraduate/graduate student teaching and the ability to promote pioneering research.
- To have various international research networks and native-level English language skills

### **Starting Date**

September 1, 2026, the earliest possible date thereafter (adjustable according to individual requirements)

### **Term Limit**

None (tenure position)

Initial probationary employment period: six (6) months

### **Working Conditions**

Discretionary labor system, based on 7 hours, 45 minutes (8:30–17:15 work schedule with a one-hour break) per day, 38 hours 45 minutes per week

- If the discretionary work system for specialized work is not applied, the employee works from 8:30AM to 5:15PM with one hour break (12:00-13:00).
- Overtime may be required when necessary.

### **Holidays**

Saturdays and Sundays; Statutory public holidays of Japan; Year-end and New Year holidays (December 29 through January 3); Kyoto University's Foundation Day (June 18) as per University guidelines

### **Salary**

To be determined in accordance with Kyoto University regulations

### **Social Insurance**

Eligible for MEXT\* mutual aid association membership, employees' pension, employment insurance, and worker's accident compensation insurance

\*MEXT: Japan's Ministry of Education, Culture, Sports, Science and Technology

### **Application Procedure**

Candidates are requested to submit the documents in English listed below via e-mail. All documents should be merged into a single PDF file in the same order as listed below. The PDF file should be

titled "X\_Application for Professor", where 'X' is your surname. Please submit applications in English.

1. Curriculum vitae
2. List of academic publications plus reprints of up to three (3) key research papers
3. List of printed publications other than research papers
4. Detailed record of academic activities (affiliated societies) as well as research grants (e.g. "KAKENHI" Grants-in-Aid for Scientific Research) and awards received
5. Research achievements up to present (within 2 pages of A4 format)
6. Research plan (purpose and methods) at KUIAS if hired (within 2 pages of A4 format)
7. Future vision of the candidate's research and to the research field mentioned above (within 2 pages of A4 format)
8. Names and e-mail addresses of two (2) personal references
9. Declaration form (designated form available)

\*Download the declaration form from the link below and fill in your name in your own signature.

<https://u.kyoto-u.jp/o4jlz>

### **Closing Date**

Open until the position is filled. Note that the position will be filled as soon as a suitable candidate is found.

All documents should be sent via e-mail at: [kuias-recruit \[at\]mail2.adm.kyoto-u.ac.jp](mailto:kuias-recruit@mail2.adm.kyoto-u.ac.jp) (Note: Replace "[at]" with "@".)

### **Evaluation Procedure**

Submitted applications will be reviewed, followed by interviews for short-listed candidates.

### **Contact**

For further details, please contact KUIAS via e-mail at: [kuias-recruit\[at\]mail2.adm.kyoto-u.ac.jp](mailto:kuias-recruit@mail2.adm.kyoto-u.ac.jp) (Note: Replace "[at]" with "@".)

### **Miscellaneous**

- All submitted documents and personal information of the candidates contained therein will be used solely for the purpose of screening and will not be disclosed, transferred or lent to any third party without justifiable grounds.
- Kyoto University promotes gender equality. Applications from female and foreign researchers are highly welcomed.
- Indoor smoking is prohibited at all campuses in Kyoto University. Outdoor smoking is prohibited except for designated smoking areas, in order to prevent second-hand smoking.
- KUIAS is working to raise awareness among faculty, staff and students of the importance of compliance in research activities.
- If you have interrupted your research due to childbirth, childcare, or nursing care, the screening committee will take this into consideration when reviewing your research achievements upon your

request.
